SERMON DISCUSSION QUESTIONS

- Have you ever had an “it just so happened” moment in your life? How can you see now how God was working through that moment?
- How have you seen God’s providence work through a person in your life? What are some appropriate responses towards those people whom God used?
- Which do you tend to lean towards when it comes to God’s providence: passivity (“It happens completely without me?”) or perfection (“It happens only by me”)? How has your understanding of our place in God’s providence changed from studying this passage?
